

.....  
NOW HEAR THIS, NOW HEAR THIS ...

Tentative plans have been made for Holland Club members to "doe iets voor de jongens over zee."

Two Dutch ships, the Alblasserdijk (HAL) and the Ittersum (Vinke) have been held in Houston since Christmas by the dock strike. The plan is to take the crew and officers of the Alblasserdijk for a trip to one of the big ranches in the neighborhood of Houston. We would come together at Long Reach, City Dock No. 6 (which is at the end of Navigation) at 12:30 on Sunday, January 13, to take the boys to the ranch. When we deliver them back to the ship, the captain will invite us aboard.

We will need space in your cars for a total of some fifteen persons, so please call Nutti or Vincent Doodeheefver, MO 7-7939, before Thursday night, January 10, to give them the needed information. If we have enough participants from the club, we might be able to include the people from the Ittersum.

All the above is, of course, provided the strike has not been lifted before January 13.
